**Re: Atlantic Coast Pipeline, LLC & Dominion Transmission, Inc.
Atlantic Coast Pipeline & Supply Header Projects
Docket Nos. PF15-6-000 & PF15-5-000
Supplemental Information Regarding the January 2015 Monthly Status Report**

Dear Secretary Bose:

On November 13, 2014, the Federal Energy Regulatory Commission (Commission) approved Atlantic Coast Pipeline, LLC (Atlantic) and Dominion Transmission, Inc. (DTI)'s request to utilize the pre-filing process for the Atlantic Coast Pipeline and Supply Header Projects (Projects).

On February 18, 2015, DTI, on behalf of Atlantic and itself, filed the January 2015 monthly status report for the Projects, as required under 18 CFR 157.21(f)(6). Page 5 of the monthly status report indicated Project overview and Project update meetings to have been held with the Nelson County Administrator and Nelson County Planning and Zoning personnel on January 14, 2015. Although a meeting with the above-listed parties was scheduled, it did not occur. DTI hereby redacts the line items referencing these stakeholder communications from the January 2015 monthly status report.

Respectfully submitted,
