Charlottesville, Virginia 22901

FEE: \$25, Seating is Limited; Pre-Registration is Required

Register at www.cvsbdc.org

In the past few months, critical updates have been released regarding implementation of the Affordable Care Act. This session will provide business owners with an up-to-date overview of where requirements under the Act are today and what to expect in 2014 and beyond.

Both small and large businesses will benefit from a discussion of the latest information on:

- **The employer mandate: who is covered by the mandate, which employees are considered full-time, and more.**
- **Employee notification requirements**
- **Individual as well as business responsibility**
- **How the exchanges will work and how to navigate the process**
- **What are the penalties included under the Act and who is responsible for payment**
- **Tax credits and subsidies that may be available**

If you have employees, don't miss this opportunity to learn how to comply with the law and benefit from tax credits and current requirements of the Act.

The session will be presented by Darla Rose, CBC. Darla is an Employee Benefit Consultant with over 30 years of experience in the life and health insurance industry. She is with Bankers Insurance LLC, which is one of the largest independent insurance brokers in Virginia.
