ESF8 - Health & Medical Updates

- Reported cases, hospitalizations and deaths are increasing in Virginia as the United States as a whole continues to experience the acceleration phase of this pandemic. As of 3/31, VDH is reporting widespread community transmission across the state.
- Extensive case investigation, contact tracing and public health and commercial laboratory testing efforts are ongoing. Numerous outbreak investigations are occurring in healthcare facilities and other congregate care settings. Special consideration and attention should be paid to places such as long-term care facilities, nursing homes, correctional facilities, and homeless shelters. People in these settings are especially vulnerable because of their health conditions or close living arrangements.
- 11 healthcare facilities report operating above normal clinical status.
- 207 healthcare facilities are on active emergency operations status.
- 242 healthcare facilities are on restricted security status.
- 78 Medical Reserve Corps (MRC) volunteers were deployed in support of local health departments on 4/4/20.
- 132 calls were made to the VDH (877-ASK-VDH3) call center on 4/3/20.
- 608,576 visits were made to the VDH COVID-19 website on 4/3/20.
