Incident Objectives

1. **TESTING:** Develop community testing and point prevalence surveillance strategies in accordance with the Governor's priorities.
2. **CONTACT TRACING:** Develop a contact strategy to keep the rate of spread within the capability of existing healthcare capacity.
3. **MEDICAL SURGE:** Continue to support and refine medical surge plans in collaboration with hospitals, long-term care facilities, correctional facilities and other congregate settings in the community.
4. **EQUITY: EQUALITY AND ETHICAL CONSIDERATIONS:** Ensure all operations are actively centered on and consider impacts to the most under resourced individuals and communities. Integrate, prioritize, measure, and validate equitable and ethical practices for all response and recovery decisions, actions, and resource allocation.
5. **SUPPLY CHAIN MANAGEMENT:** Maintain and adapt strategies to ensure supplies of goods and materials can meet an evolving demand environment.
6. **FEDERAL AID AND RECOVERY PROGRAMS:** Begin working with local governments and other eligible applicants for federal aid.
7. **SUSTAINMENT:** Prepare to maintain operations for the remainder of the year and respond to any secondary outbreaks and other emergencies.
8. **Safety:** Keep the citizens of the Commonwealth's health and safety and that of incident personnel a top priority in all decisions and actions.

ESF-8 Public Health and Medical Updates

- Today, the U.S. Food and Drug Administration (FDA) [revoked the emergency use authorization](#) (EUA) that allowed for chloroquine phosphate and hydroxychloroquine sulfate donated to the Strategic National Stockpile to be used to treat certain hospitalized patients with COVID-19 when a clinical trial was unavailable, or participation in a clinical trial was not feasible. The agency determined that the legal criteria for issuing an EUA are no longer met. Based on its ongoing analysis of the EUA and emerging scientific data, the FDA determined that chloroquine and hydroxychloroquine are unlikely to be effective in treating COVID-19 for the authorized uses in the EUA.

Number of COVID-19 testing sites in Virginia as of 6/15/20:	386
Number of Medical Reserve Corps (MRC) volunteers deployed on 6/12/20 – 6/14/20:	318
Number of visits made to the VDH COVID-19 website on 6/12/20 – 6/14/20:	407,687
Number of calls received by VDH (877-ASK-VDH3) and local health district call centers on 6/12/20 – 6/14/20:	544

COVID-19 Workgroup Updates

- **Healthcare Coordination**

- Currently, 95 pharmacies are offering SARS-CoV-2 testing in Virginia. Efforts continue to expand pharmacy-based testing capacity.
- Remdesivir continues to be received from HHS and distributed through the VDH Division of Pharmacy Services in accordance with the distribution plan.

- **Public Health Surveillance & Guidance**

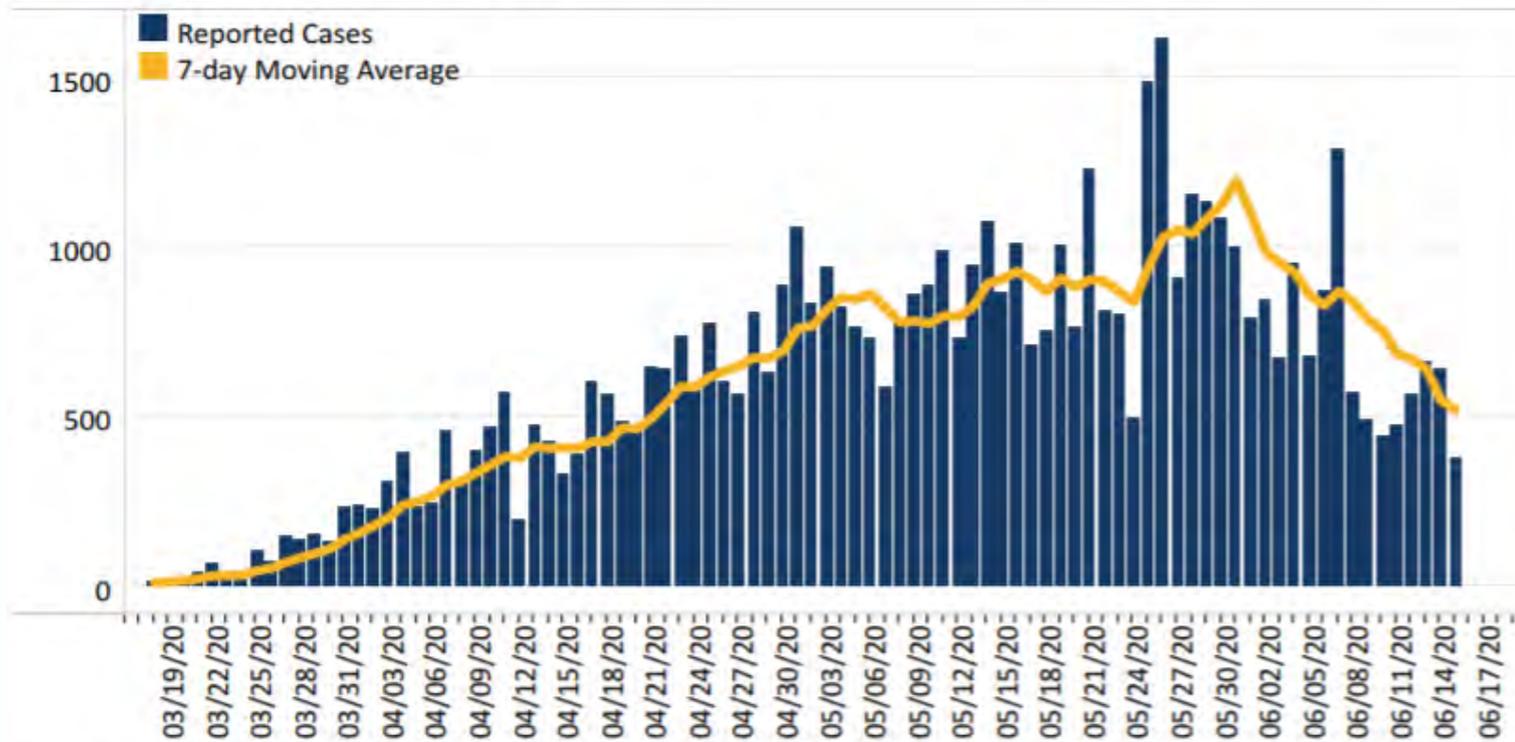

- Workgroup continues to ensure that case investigation, contact tracing, monitoring, point prevalence surveys, and public health and commercial laboratory testing efforts are expanded through additional staffing, resource acquisition, and public outreach and education.
- VDH has changed the way it presents race and ethnicity data on the [COVID-19 in Virginia Dashboard](#). Previously, VDH published data for ethnicity and race separately. With the exception of the “White” and “Black or African American” categories, all other races were combined into a single “Other Race” category. The new reporting categories are: Asian or Pacific Islander; Black; Latino; Native American; White; Other Race; Two or More Races. The new reporting categories allow VDH to provide more detail on racial and ethnic health disparities while preserving individual privacy.

COVID-19 Workgroup Updates

- **Governor's Long-Term Care Task Force**
 - Point Prevalence Surveys (PPS) continue to be conducted at long-term care facilities.
 - The Center for Medicare and Medicaid Services (CMS) has released guidance and recommendations pertaining to the phased reopening of nursing homes, which is guided by baseline and regular testing of all residents and staff.
 - The guidance document for Virginia's phased reopening and testing processes for long-term care facilities is being reviewed by the Governor's office.
- **Community Mitigation**
 - Updated business signage toolkits are now [available](#) in Spanish, Korean, Mandarin, and Arabic.
 - Phase Two guidelines for specific sectors can be found [here](#).
Visit virginia.gov/coronavirus/forwardvirginia for more information and answers to frequently asked questions.
 - Phase 3 guidance is in development.

VDEM Region 1

Number of Cases (by Region): 8,545 cases / 279 fatalities

Accomplishments	Significant Activity Next 24-72 Hours
<ul style="list-style-type: none"> Chesterfield Battelle Site has processed 10,480 N95 masks to date Processing resource requests for PPS testing at LTC facilities at the request of local health districts and VANG Ongoing/active testing sites in 15 localities (community accessible and hospitals) 	<ul style="list-style-type: none"> Distribute PPE shipments to localities, VDH Health Districts, Healthcare Coalition, and Colleges/Universities Continue to assist localities with urgent PPE needs. Continue to distribute recovery information to locals, PNPs, authorities, towns, and respond to inquiries Single-day testing sites (to include congregate care facilities) in multiple localities this week

VDEM Region 5

Number of Cases (by Region): 6,080 cases / 196 fatalities

Accomplishments	Significant Activity Next 24-72 Hours
<ul style="list-style-type: none"> PPE deliveries coordinated regularly. Coordinated the Hurricane COVID Call on June 3, 2020 Region 5 Coordination Call held on 6/8/20. Battelle System in Newport News operational. Participated in Three Rivers Health District Testing 6/4/20 	<ul style="list-style-type: none"> Monitoring coordination with VDH. Monitor PPE Critical Status. Coordinate PPE WebEOC requests with localities. Coordinate PA calls/Update localities on cost recovery Coordinate PPS testing with VANG and VDH

VDEM Region 7

Number of Cases (by Region): 29,460 cases / 814 fatalities

Accomplishments	Significant Activity Next 24-72 Hours
<ul style="list-style-type: none"> Participating in health equity call Surge capacity team meeting Developed Long Term Operations Plan. 	<ul style="list-style-type: none"> Continue to support Mass Testing events Managing PPE Distribution through the NVERS Warehouse. Northern Virginia will officially enter Phase Two of Forward Virginia as of midnight on June 12

Regional Support West

VDEM Region 2

Number of Cases (by Region): 4,482 cases / 105 fatalities

Accomplishments

- Maintained Situational Awareness of current severe weather threats and regional power outages.
- Coordinated resource requests.
- Participate in Regional Support Discussion call with ISP
- Maintain Situational Awareness of current severe weather threats and regional power outages

Significant Activity Next 24-72 Hours

- Develop strategies for communicating Recovery/Reimbursement information to localities and partners
- Communicate with partners for operational readiness and emergency protective measures.
- Maintain SA and provide reporting on COVID-19 related data in Region 2
- Continue to coordinate region wide PPE requests
- VANG PPS Testing Mission Updates
 - Warrenton Community Testing R6411923 (500 Tests) 6/15/2020
 - Caroline County Community Testing R6511947 (400 Tests) 6/19/20
 - Fredericksburg Food Bank R6412023 (350 Tests) Pending

VDEM Region 3

Number of Cases (by Region): 3,544 cases / 79 fatalities

Accomplishments

- Region 3 DRRO & AHP supported Region 1 in response to 1st Amendment activities
- Weekly Region 3 Partners call completed
- Weekly PPE POD completed
- Coordinated with VDEM Recovery outreach to all Region 3 local Emergency Managers to ensure accuracy of information loaded into the FEMA Grants Portal
- Participate in COVID-19 Hurricane Contingency planning conference call. Input provided based on observation from TS Michael

Significant Activity Next 24-72 Hours

- Coordinating PPE requests and deliveries
- Region III Partners call @1300 Wednesdays
- Working with local EMs and agencies to make sure PPE request are entered correctly under the new process.
- Providing information and answering questions regarding the recovery process
- National Guard coordinating Fit Testing and PPS testing within Region
- N95 fit testing, PPS testing and community testing is being conducted throughout the region.
- Monitoring protests and rallies in Region 3

Regional Support West

VDEM Region 4

Number of Cases (by Region): 604 cases / 11 fatalities

Accomplishments

- Worked with VDEM Grants as well as individuals from public schools, local governments and correctional institutions on initial damage assessment activities.
- Worked on an approved mask list for the Battelle System.

Significant Activity Next 24-72 Hours

- Communicate with all local emergency managers who have not entered initial damage assessment information into Virginia PA.

VDEM Region 6

Number of Cases (by Region): 982 cases / 37 fatalities

Accomplishments

- Facilitated legislative/VARNG TAG visit to NRV HD.
- Implemented Battelle System at Virginia Tech.
- Conducted conference calls w/ regional stakeholders.
- Implemented Courier System for test samples VDH/VARNG.
- In-processed new VARNG LNO.

Significant Activity Next 24-72 Hours

- Providing information to all stakeholders on PPE process.
- Supporting testing initiatives across VDH/VARNG/localities.
- Support local fatality management planning efforts.
- Coordinate w/VDH/NSPA to support LTCs.
- Coordinating fit testing support.
- Support VDH Epi Investigation conflicts.
- Initiating delivery services for PPE via VARNG
