

Dear BRMC Colleague,

May 5th, 2026

On behalf of the Blue Ridge Medical Center (BRMC) Community Health Department, we are excited to invite you to participate in the 4th Annual Nelson Community Health Fair on July 18th, 2026, from 10:00 AM to 2:00 PM, hosted at the Tye River Elementary School 5198 Thomas Nelson Hwy Arrington, VA 22922.

The goal of the health fair is to connect community members with health and social services available to them in Nelson and surrounding counties. This event is a great opportunity to interact with organizations in the area and inform Nelson residents of resources accessible to them. As the Nelson Community Health Fair is free to the public, we ask that exhibitors do not sell any products or services at this event.

Your participation as an exhibitor will serve to educate and inform attendees of the services you provide to the community. Your organization will be given space for tabling; however, you will have opportunities to share information as you see fit for our community members. Creativity is encouraged! The event also assists in setting up students and their families for a successful academic year by providing annual physical and immunizations for Nelson County Students. We look forward to this event each year as it is a unifying event for the community that encourages health for all!

We appreciate all the service you do for our community. It would be an honor to have you participate in the Health Fair.

If you are interested in partnering with us as an exhibitor, please fill out the linked [interest form](#). Should you have any questions, feel free to contact me via email or phone!

Sincerely,

Nicole Stenson

Community Health Worker
