

Safe at Home. Safe On-the-Go. Safe in Nelson County.

The Nelson County Sheriff's Office is partnering with Blue Ridge Medical Center and LogicMark to bring **reliable medical alert protection** to older adults and individuals who live independently — because a safe home is the foundation of a safe community. The moment a fall or emergency happens, residents can connect to caregivers or emergency responders. It's **a level of protection that lets you live on your own with confidence** — and gives families and neighbors the reassurance that help is always within reach, day or night.

Freedom Alert

- One-touch emergency pendant
- Connects directly to 911 or caregivers
- Two-way voice communication
- Landline enabled, in-home safety
