Sect. 54.1.1111. Prerequisites to obtaining building, etc., permit. Any person applying to the building inspector or any other authority of a county, city or town in this Commonwealth, charged with the duty of issuing building or other permits for the construction of any building, highway, sewer, or structure, or any removal, grading or improvement, shall furnish prior to the issuance of the permit, either satisfactory proof to such inspector or authority that he is duly licensed under the terms of this chapter to carry out or superintend the same, or file a written statement, supported by an affidavit, that he is not subject to be licensed as a contractor, subcontractor, or owner-developer pursuant to this chapter.

NOTE: It is a violation of Title 54.1, Chapter 11 of the Code of Virginia to act as a contractor without a license or to accept bids from an unlicensed contractor. All other contractors performing work for any government or for any governmental agency are subject to the provisions of this chapter and are required to be licensed as provided herein.

B. Any person who is exempt from the provisions of this chapter as a result of subdivision 7, 10, 11, or 12 of subsection A shall obtain a certificate of occupancy for any building constructed, repaired or improved by him prior to conveying such property to a third party purchaser, unless such purchaser has acknowledged in writing that no certificate of occupancy has been issued and that such purchaser consents to acquire the property without a certificate of occupancy.
